✠ SUBJECT INDEX ✠

Volume 7 2001

abdominal surgery
  oxygenation methods after anaesthesia 329
accidental falls
  lessons from a failed fall prevention study 126
action research
  nurse–nurse relationships 406
acute care settings
  lessons from a failed fall prevention study 126
aged care
  removing physical restraint 156
aged
  caregivers' participation in elderly patient care 199
  nutritional form for the elderly 336
agitation
  music played for dementia patients 146
anxiety
  older women with mitral valve stenosis 322
assessment
  assessment sheets for home care 140
attitude to death
  nursing multicultural families 251
automated blood pressure monitors
  evaluation of automatic sphygmomanometers 246

Baccalaureate nursing
  perceptions of Bachelor of Science in Nursing nurses 349
basic knowing
  work of art dialogues 24
breast cancer
  radiation therapy and breast cancer 8
bullying
  nurse–nurse relationships 406
burn unit
  nurses' emotions on a burn unit 342

cardiac arousal
  predictors of response to caregiving 177
cardiac surgery
  older women and sternotomy 274
care policy
  a care policy and its implementation 92
caregivers
  caregivers' participation in elderly patient care 199
caregiving
  predictors of response to caregiving 177
casualization
  casualization of the nursing workforce 104
Catholicism
  service to the poor 169
child-bearing families
  family dynamics of child bearing 30
childbirth experience
  memorized labour pain 46
Chinese nurses
  nurses'coping strategies and mental health 188
client–nurse relationship
  importance of humour 119
commitment to the elderly
  caring for the elderly 229
community nursing
  service to the poor 169
concept analysis
  expertise of occupational health nurses 257
  healing: Analysis of the concept 63
coping
  how parents cope 298
  radiation therapy and breast cancer 8
coping demands
  how parents cope 298
coping efficacy
  major trauma, coping and post-traumatic stress syndrome 74
coping strategies
  how parents cope 298
  nurses'coping strategies and mental health 188
coronary angioplasty
  femoStop versus manual pressure 366
coronary artery disease
  lifestyle pattern change after percutaneous transluminal coronary angioplasty/stent 131
cultural values
  nursing multicultural families 251

dementia
music played for dementia patients 146
removing physical restraint 156
dementing illness
removing physical restraint 156
depression
mental health literacy survey 414
older women with mitral valve stenosis 322
diagnosis
mental health literacy survey 414
dietary adherence
dietary behaviours in haemodialysis patients 431
discomfort
pain episode 288
dysfunctional nurse–nurse relationships
nurse–nurse relationships 406

effectiveness
inequalities in health 383
emotions
stress coping strategies 162
empathy
work of art dialogues 24
end of life care
nursing multicultural families 251
England
service to the poor 169
ethical theory
ethical dimension in nursing theory 2
ethics
ethical dimension in nursing theory 2
evaluation
inequalities in health 383
evidence
implications for acute pain management 266
evidence-based health care
elements of a systematic review 376
evidence-based nursing
nurses' views of evidence-based practice 314
evidence-based nursing and midwifery
elements of a systematic review 376
evidence-based practice
implementation of research findings 392
expertise
expertise of occupational health nurses 257

fall interventions
lessons from a failed fall prevention study 126
fall prevention
lessons from a failed fall prevention study 126
falls
falls risk factors 38
family
how parents cope 298
family dynamics
family dynamics of child bearing 30
family functioning
family dynamics of child bearing 30
family nursing
family dynamics of child bearing 30
female
nurses' anxiety versus smoking habits 221
Femoral sheath removal
femoStop versus manual pressure 366
functional capacity
older women with mitral valve stenosis 322

graduate nurses
staff development 54

haemodialysis
dietary behaviours in haemodialysis patients 431
haemostasis
femoStop versus manual pressure 366
healing
healing: Analysis of the concept 63
Heideggerian hermeneutics
older women and sternotomy 274
helping method
questionnaire study for caregivers 422
hermeneutic phenomenology
nurses' emotions on a burn unit 342
home care
assessment sheets for home care 140
Hong Kong
nurses' coping strategies and mental health 188
Honours in nursing
the struggle of honours students in practice 214
horizontal violence
nurse–nurse relationships 406
Hudson face mask
oxygenation methods after anaesthesia 329

humour
  importance of humour 119

implementation
  a care policy and its implementation 92
implications
  implications for acute pain management 266
inequalities
  inequalities in health 383
institution
  caregivers' participation in elderly patient care 199
Ireland
  service to the poor 169

labour pain
  memorized labour pain 46
lifestyle pattern change
  lifestyle pattern change after percutaneous transluminal coronary angioplasty/stent 131

management
  pain episode 288
mania
  mental health literacy survey 414
manual compression
  femoStop versus manual pressure 366
mental health
  nurses'coping strategies and mental health 188
meta-analysis
  elements of a systematic review 376
migrants
  nursing multicultural families 251
mitral valve disease
  older women with mitral valve stenosis 322
multiple sclerosis
  women with multiple sclerosis and urinary incontinence 16
muscle relaxant
  oxygenation methods after anaesthesia 329
music
  music played for dementia patients 146

nasal spectacles oxygen therapy
  oxygenation methods after anaesthesia 329
negative moods
  major trauma, coping and post-traumatic stress syndrome 74
nervous system vulnerability
  predictors of response to caregiving 177
New South Wales
  service to the poor 169
New Zealand
  casualization of the nursing workforce 104
non-traditional
  students' occupational perceptions 84
nurse
  a care policy and its implementation 92
  caring for the elderly 229
  nurses' anxiety versus smoking habits 221
  palliative care at home 306
nurses' beliefs
  nurses' views of evidence-based practice 314
nursing
  elements of a systematic review 376
  music played for dementia patients 146
  nutritional form for the elderly 336
  stress coping strategies 162
nursing care intervention
  radiation therapy and breast cancer 8
nursing curriculum
  perceptions of Bachelor of Science in Nursing nurses 349
  perceptions of Bachelor of Science in Nursing nurses 349
  the struggle of honours students in practice 214
nursing research
  inequalities in health 383
  lessons from a failed fall prevention study 126
nursing theory
  ethical dimension in nursing theory 2
nursing workforce
  casualization of the nursing workforce 104
nutrition
  nutritional form for the elderly 336

occupation
  students' occupational perceptions 84
occupational health nurse
  expertise of occupational health nurses 257
older people
  removing physical restraint 156
oxygen therapy
  oxygenation methods after anaesthesia 329

pain
pain episode 288
assessing measures
questionnaire study for caregivers 422
management
implications for acute pain management 266
palliative care
palliative care at home 306
participatory action research
women with multiple sclerosis and urinary incontinence 16
participatory research
nursing multicultural families 251
partnership
inequalities in health 383
percutaneous transluminal coronary angioplasty/stent
lifestyle pattern change after percutaneous transluminal coronary angioplasty/stent 131
performance appraisal
staff development 54
phenomenological–hermeneutics
caring for the elderly 229
physical disorder
memorized labour pain 46
physical restraint
removing physical restraint 156
physical well-being
pressure ulcer patients in Finnish hospitals 280
Physician
a care policy and its implementation 92
post operation
oxygenation methods after anaesthesia 329
postoperative
implications for acute pain management 266
post-traumatic stress syndrome
major trauma, coping and post-traumatic stress syndrome 74
poverty
service to the poor 169
pre- and postoperative education
older women and sternotomy 274
premature baby
questionnaire study for caregivers 422
pressure ulcer
pressure ulcer patients in Finnish hospitals 280
patient
pressure ulcer patients in Finnish hospitals 280
prevalence
pressure ulcer patients in Finnish hospitals 280
problem/needs
assessment sheets for home care 140
profession
students' occupational perceptions 84
Protestantism
service to the poor 169
psychiatric nursing
how parents cope 298
psychological well-being
pressure ulcer patients in Finnish hospitals 280
psychology
nurses' anxiety versus smoking habits 221

qualitative
women with multiple sclerosis and urinary incontinence 16
quality care
assessment sheets for home care 140
questionnaires
nurses' anxiety versus smoking habits 221

reflective practice
nurse–nurse relationships 406
research implementation
implementation of research findings 392
research utilization
nurses' views of evidence-based practice 314
implementation of research findings 392
researcher/clinician
the struggle of honours students in practice 214
restraint
removing physical restraint 156
risk factors
falls risk factors 38
rituals of nursing
morning tea break ritual 69
rural
palliative care at home 306

scale-testing
nutritional form for the elderly 336
schizophrenia
mental health literacy survey 414
self-control
memorized labour pain 46

self-efficacy
dietary behaviours in haemodialysis patients 431
sense of trust
caring for the elderly 229
smoking
nurses' anxiety versus smoking habits 221
social support
major trauma, coping and post-traumatic stress syndrome 74
sphygmomanometer
evaluation of automatic sphygmomanometers 246
staff development
staff development 54
sternotomy
older women and sternotomy 274
stress
coping
stress coping strategies 162
palliative care at home 306
response
predictors of response to caregiving 177
students
students' occupational perceptions 84
suffering
pain episode 288
supportive context
caring for the elderly 229
systematic review
falls risk factors 38
elements of a systematic review 376

tea break
morning tea break ritual 69
therapy
mental health literacy survey 414
thermal pain
stress coping strategies 162
time series study
caregivers' participation in elderly patient care 199
trauma
major trauma, coping and post-traumatic stress syndrome 74

urban
palliative care at home 306
urinary incontinence
women with multiple sclerosis and urinary incontinence 16

video-recording
music played for dementia patients 146
visual art
work of art dialogues 24
vulnerability
pain episode 288

well-being
importance of humour 119
older women and sternotomy 274
older women with mitral valve stenosis 322
women with multiple sclerosis and urinary incontinence 16
women's perception
memorized labour pain 46
